A New Beginning,
A New Start
And New Friendships

Hello, my name is Echo!
Do you want to be
friends?

Yes

Hi Friendly Frank,
nice to meet you!

Hey Anne, I'm Frank but
some people call me
Friendly Frank because I'm
friendly.

Me too!

I'm really looking forward
to learning English!

I'm more
happy!

I'm happy!

I'm the most
happy!

Angela and Lawrence
have interesting lessons!

I love learning about
western culture!

We learn English by talking
to each other and listening
to the teachers!

How do we learn
English by doing fun
activities?

That looks exceptionally
worthy of the finest praise!

That looks awesome!

That looks great!

That looks good!

We're both
working very
hard!

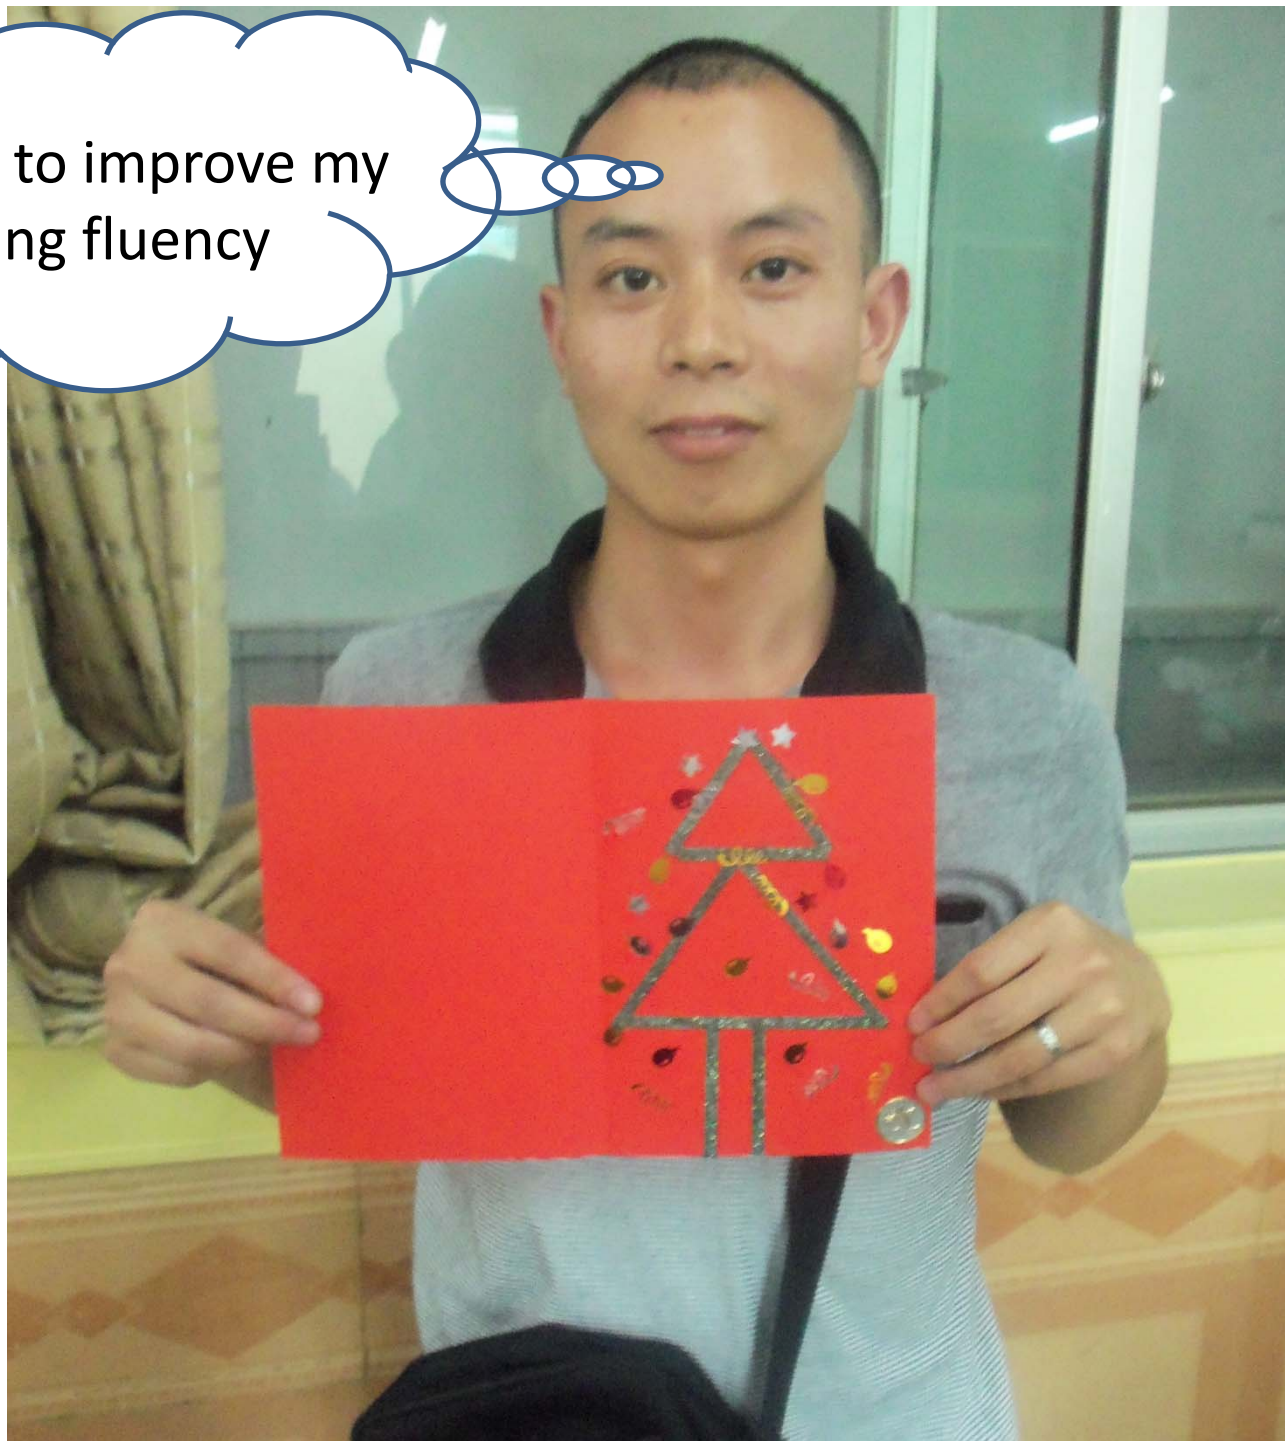

Do you like it?

I want to improve
my listening skills

I want to improve my
speaking fluency

I want to improve my confidence when speaking English

I want to improve my
pronunciation and
intonation

Maybe one day I
will find him...

Dear boyfriend:

I've waited for you for
many years. I wonder when
will you come to my life.
Any way, Merry Christmas
to you!

accomplished when we work
together!

A photograph of a classroom with many students sitting at grey desks, working on papers. The students are mostly young adults. In the background, there is a blackboard, a projector screen, and a ceiling fan. A thought bubble is superimposed on the image, containing text.

We like to help each other out to improve each others' spoken English

It's important to speak slowly, clearly and confidently and to use our hands to show passion

A group of women are gathered in a circle, some clapping. A speech bubble overlay contains the text: "It's important to speak slowly, clearly and confidently and to use our hands to show passion".

Chapter Two

Seeking Suining's River

Let's go on a quest to
find Suining's River!

Which mighty
warriors will help us?

Who else will help us?

I, Sophisticated Shirley will help you

I, Remarkable Rose will help you

I, Creative Candy will help you

I, Legendary Linda will help you

This journey is tough but

Chapter Five

Let the Games Commence!

So...you are here
today to learn English
AND to lose weight!

Lose weight?

The image shows a group of five women sitting around a table in a room with orange curtains. A thought bubble above the woman on the left contains the text 'Lose weight?'. A speech bubble from the woman on the right contains the text 'Did Angela really say lose weight?'. The woman on the right is wearing red-rimmed glasses and a yellow patterned top. The woman on the left is wearing a dark patterned top. Other women in the background are looking towards the camera or the woman on the right.

Did Angela really
say lose weight?

Yeah, how are we going to lose weight?

But how are we going to lose weight?

We're going to feed
you to lions!

Don't be silly! They
can't learn English if
they're all dead!

Instead, you're going to
take part in 'The Suining
Teachers Games'

Thank goodness! I
didn't want to be
eaten by lions

These games are fun. I'm losing weight and learning English at the same time!

Fishing

15 team members to participate.
Each team has a big fish made out of paper.
Each team member takes a fan and has to fan the fish
from the chair, round the chair and back again.
When each team member does this game until all 5
have finished, the team is complete.

England are the best team because we have the strongest throwers!

No Argentina are the best team because we have the fastest runners!

No Team Italy are the best because we have the best technique!

No, Team Brazil are the best because we show the most enthusiasm!

Why can't we
all be winners?
